# SAS エキスパンダカード 取り扱いの手引き SAS Expander Card Kit User's Guide

This product, is supplied, warranted and supported by NEC. NEC's warranty and support terms and conditions, contact points and procedures take precedence over those of HPE. Per EU Decision 768/2008/EC, HPE is the manufacturer of record.

## はじめに Preface

本 SAS エキスパンダカードを本体装置へ取り付けの際には、本体装置に添付の「安全にご利用いただくために」に記載されている内容をよく読んでご理解し、安全にご活用ください。

また、増設にあたっては、最寄りの保守サービスセンターに依頼することをお勧めします。

The User's Guide is intended to allow you to use the SAS Expander Card correctly and safely.

Read this guide thoroughly before handling the Kit.

In addition, refer to this guide whenever you want to know how to use the Kit or some malfunction occurs.

Always keep this guide at hand so that you can see it when necessary.

For the server in which the Kit is installed, refer to the User's Guide of the server.

Read "Safety Precautions and Regulatory Notices" carefully before handling the Kit.

### 警告 WARNING

安全上のご注意を無視する取り扱いを行うと、装置の故障、人体事故、火災・周囲の機器の損傷を引き起こす原因となることがあります。

If you disregard precautions, it may cause malfunction of the device, human body injury, fire and/or damage to the machine parts around the device.

オプションの取り付け、取り外し時は電源プラグをコンセントから抜き、外部装置と接続しているケーブルを外してください。故障や感電する恐れがあります。

When you install the option or delete it, unplug the power cord and extract the cable that has connected to another one. Otherwise, an electric shock or fire may be caused.

## **FCC Statement**

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
